Taikang Huiyan Clubhouse

Senior Living Community

Taikang Senior Living Community Clubhouse

Guangzhou, China

Taikang redefines the concept of retirement community to meet the needs of a growing, and increasingly affluent senior population.

The mission of the Taikang development is to create a community that provides comfort for seniors as they progress through the care continuum. The model campus environment is designed to accommodate residents as they age. The center building functions as a clubhouse or “super experience center” with a variety of services and amenities.

In addition to the sales office, the lobby features a reception area, mail services, and a medical emergency room. At the heart of the clubhouse is the Four Seasons Atrium—the social center of the community. It includes a kids club, a tea room, and a small supermarket.

Health and wellness facilities feature a fitness center, yoga, table tennis, pool and a salon.

Education and entertainment opportunities abound with a variety of classrooms and gaming facilities including billiards and a karaoke room. Food and beverage outlets include a juice bar, tea room, a buffet restaurant, an a la carte restaurant and private dining rooms.

Design inspiration is derived from a combination of Chinese culture and nature. Butterfly imagery is a central theme that is carried throughout the public spaces.
